

Marcelina Arabucka

Tel.: +357 96615424

Email: marcelina.a@gmail.com

Date of Birth: 24.03.1982

Marital Status: Single

Summary

My portfolio: www.marabucka.info.

I have been working commercially as a Graphic Designer (or DTP operator) for almost 5 years, including 3 years for one of Cyprus online-gaming companies where I gained experience as a web graphic designer in bingo/poker/casino industry.

I was responsible for designing marketing materials for new products and special offers: landing pages, icons, banners, mailers, newsletters etc. I re-designed some of company websites too. I am proficient in Adobe Photoshop and very good in whole Adobe Creative Suite (lately working with CS5).

As a DTP operator I was working day by day on creating newspaper's ads and marketing materials (leaflets, business cards, folders, catalogues etc.) and preparing them for printing. Additionally, I was delegated to work on layout and design for one of local weekly newspapers.

In my spare time I prepared layout and graphics for couple of other websites, including CyprusQA: www.cyprusqa.com
